

Reading Plan

Print out the bookmark double sided to have the reading plan and the LOOK Bible Study Method easily available to you.

My suggestion is to use the bookmark/reading plan in your Bible to keep track of the verses as you read them.

To help you remember what you've learned, I've included suggested memory verses on the bookmark and on the following page. All are from NIV unless otherwise noted.

Some suggestions for use:

- Read the chapter in a different version each day
- Listen to the Bible one day and read another
- Do a different letter in the LOOK method each day
- Divide longer chapters into a few verses each day
- Do this study on the weekend and another study during the week
